This is very correct deputation. The scholarship is real deputation allowance. The Deputationist should in addition be entitled to draw his usual pay up to the date of landing in England. He should from that date be put on the ship pay by G.S.I. Pay

I beg to point out that according to Government Order of 24th April 1928 the period of absence of an officer on deputation will be considered as on duty only when deputation is under class (1). The present case does not come under this category. In the case of deputation of officers selected for foreign training under class (2), the deputation

Has to go to the Fin: Secy., before issue.

will not be considered as duty. Similar arrangement holds good in the case of officers granted foreign scholarship. If the period of absence from the date of relief up to the time of reaching England be considered as duty, there will be an excess over the sanctioned scale, which is not covered by the rules.
